Hi! It’s Dr. Machelle. How do you fix a problem? You can think very hard. Figure out a thing that may solve it. How can you reach that goal? What if your first idea doesn’t work? Hmm. Think even harder. Try again!

There are puzzles everywhere. How do you figure them out? Click the gears above to see how they work. At DKfindout! you can learn about many things. How about computer coding, history, earth, or space?

Many people are helping to figure out COVID19. One way is FOLD.it & Folding@home. They have hard puzzles each day! These adults help cells fight COVID. They say it’s like tracking a football each second it moves. 3.6 million people working together!

Here are Games from around the world you can solve.

Solve this Riddle?
I have cities, but not people. I have roads, but no cars. I help you find your home by paper or phone. What am I?

Explore the Earth!

This is a copy of a Roman maze from a long time ago. Romans figured out lots of things like how to build the longest aqueducts. These carried water to people far away. Can you follow the maze?

Machelle Madsen Thompson, Ph.D. is a trauma resilience expert, children’s individual & group counselor, & researcher. COVID19 Rendering, 2020 Wikimedia. Art by Rachel Smith Starling. Covid19 Resilience Builders. 2.6 level. ©2020
